person, I noticed by time there by
drawing his to eyes attention to the
old Sg or stick - sword of the monument.
I have not yet seen one in the market.
You should try to get hold of Hayes's
dagger, formerly known as "it is brass
and elastic."
Speaking of "Moorish
" "Argue"

In some places you quote Bourdette Fig. 61

p. 269 Arms & Armour. I have not found this
book in any catalogue. Does it allude
to the heraldry? Please answer the
question soon as I want it for my
Shard - book.

as they say here

Ever truly
