British Museum LONDON, W.C

L588

Nov 19 1880

Dear Sir

I should esteem it a favour, if you could let me have the title of the paper, which you said you intended to read at the approaching Art Congress in Liverpool

Prof. Stevenson, who will edit the report, has asked, that any papers which are quite ready, might be sent to him, and be printed in advance. This is of course a matter for your own consideration.

I remain

Yours faithfully

Linnelust

Lieut gen. Pitt Rivers. F.S.C. F.R.S. &c. &c.
