Dear Gen^l Pitt Rivers
We have been
expecting daily to
hear from you &
write & say that
we hope you are
coming & begin
on the designs
We're long - as it
is such lovely
weather

our neighbors the
Bones had influence
but I am through
say - my house
had now a re-
markably clean
vice of health-
& directly any
one sneezes. I
fly at them with
Commoriated Juice
of Minnie. The
great safe-guard

I am sure George
will be much too
cold for you. & I
hope you will
give us the preference
& come where you
can be taken care
of - We have for a
wonder, no visitors
in prospect & I
have done such
an amount lately
of all sorts. That
now I am taking
a holiday - I heard
from you
