CARDIFF NATURALISTS' SOCIETY.

Dear Sir,

I am much obliged by yours of the 2nd inst. in reply to mine about the Clauwitt. major skulls. I am sorry that the results are so indefinite, but I suppose that, as you say, under the circumstances there is nothing to be said.

We should have liked a note upon them for our "Transactions" if it were only to explain state that they had been examined.

Yours truly

R. W. Atkinson
