Dear Sir

The Lebu
Cow with short
tail which I showed
you, is now in
calf with the loss
caused by the
3 year old Bison
The male Yak was

too Luauye; so
I put her to the
Bison last April
I will take $\frac{1}{2}$ 25
for her now
as I think if you
would care to
have her it best
to move her now
Will you kindly

inquire if the last cases
sent to Rushmore were

~~returned~~

am
