Dear General Pitt Rivers,

The portrait of
Mrs. Snows is so nearly
finished that in a
couple of days it will
be ready for you to
see at your convenience.

The frame is here &
seems to me a very
good one.

I should be glad

to know if you are
coming to town shortly
as I would like to show
the picture to you myself.
But I am anxious to
get to work in the country
and if you are not
likely to be in town
soon I will, with your
permission, leave the portrait
where it is - so that
you could see it
whenever it suited

You to call
Believe me to be
Yours very truly
Geo. Beaumont
