Sir

(L7)

Since I have
had the pleasure of
addressing you, I
have finished all
that I undertook to
do in the neighbour-
hood. The results

as regards E. and W.
L. are as follows.

I have measured
about 70 feet Roman
wall, found 1/2

R. top closed frame -
ment. Room on en-
circular painted
Mortar from Walls
in good colors.

I have today finished
a large circular
barrow about three
miles from here,
with very interesting
results. Two stone
instruments on the
top; a cairn of
stones in the center

about a foot thick
& feet diameter. On
this was placed
a diamond shaped
piece of thin gold
6 inch greatest length
covered by lime or
manure of frame-
Tubes. A piece of
jet somewhat of
the shape & size of
a Turkey's Egg, with
5 or 6 gold studs.
A very small bronze
dagger, broken. The
fragments of an
