

PS) This unfortunate weather makes me afraid
to make much preparation for next Sunday,
do I understand you ^{with} ~~not~~ ^{not} object to a little
singing next Sunday. Mr. Lawes thought you wd
like it.

21 Sept 1891

St Paul Ath. News

Dear Sir

(L215)
Owing to yr letter being
addressed to Poole it was a post
late consequently came to me this
morning instead of Sunday
morning.

The weather was
rather unpromising so though
Mr O'Brien was very anxious
to go and walked to my house
from Bourneville for the purpose
I was afraid to venture with
him on the tandem he having
had no experience in cycling
consequently I came up on my

safely bicycle. O'Brien can
come up next Sunday no doubt
but as next Sunday will be
rather a busy day I hope
would you not prefer that ~~that~~
he come up in the week he sd
go to Blandford by train & walk
from there to Rushmore or any
place you care to appoint, he is
a very good walker, and very
anxious to go for a week or
so on trial, then as he himself
remarked he wd not be in any
worse position if he finds himself
incompetent to do what you require
of him. I certainly think you
will find him useful say for
compiling the guide you talked of
or preparing the catalogue
Yours obedt
Wm Carter
