Dear General Pitt-Rivers

I have had the
notice of your Society
of Arts paper for Wed^{rs}
evening, and as Mr Tylor
will be in town I hope

to group again her steel
present.

I wonder whether the Tower
authorities would make
it possible to fill one or two
gaps in the Firearms Series
by models. It would be
well too I think to have
a model of the old English

Yew Bow, and the
"cloth-yard shaft", unless
there is any possibility of
original specimens

Believe me

Yours sincerely
Edward B Tylor
