My dear Pita - Pinos

Many thanks for  
"Pas d'ane" and "Lecton": Lady Stanley  
was kind enough to write and send  
extracts from "Lecton". I was glad to  
see her kind to you. Of course I  
did not want "Tusilage" for my

Shard-book. The latter is gone to print  
after nearly killing me with hard work.

I am curious to see what the critic's  
impression of my getting part of the "Leyan"  
the "Shard-European" & the piggy "Indo-  
Germanic Theory"

be for long

P. S. Second instalment received (trans 13).

Many thanks. You don't seem to jump at  
my idea about Illustrated Catalogue. Any  
news from H. W. about Leaf please  
drop? There will be account of it  
in Shard book
