

of going up against Mr. Sturt myself,  
he is not particularly popular & has  
never been in the district I am told  
since he was elected, even should  
he not stand I presume there are  
not many candidates would care about  
the seat as it must be an extremely  
difficult task to attend the meetings  
at Dorchester for a resident in the  
Handley district, anyway if I receive  
your support I shall undoubtedly fight  
the seat.

I suppose you don't feel enough  
interest in politics to either stand or  
nominate one of your family for the  
parliamentary seat in East Dorset in  
the Liberal interest, there is without  
doubt a good chance for a moderate  
man & it wd be satisfactory to  
beat your old antagonist Mr. Sturt  
a candidate is now wanted & if  
you care about it, we can easily put  
up a requisition yours truly

Dear Mr. Pitt-Rivers  
Dear Sir

I am extremely glad  
to hear through the newspapers that  
you are recovering from your  
influenza attack.

I am coming up as far  
as Museum Hotel tomorrow if  
roads are not too bad as I  
want to hear whether you think  
of standing again for County  
Council, in the event of your  
not doing so or nominating any  
other candidate I had some thoughts.
