Dear General Pitt Rivers,

I hope by this
time you are very much
better & that I shall not
be troubling you by asking
if the portrait of Mr. Swore
may go to the Academy.

Before doing so I should
like to make the slight
alterations that you thought

you would like done. So
that I should be glad if
you could let the picture
come here to me as
soon as convenient now.

It should be addressed
to my framemaker

Mr. W. Ellis

14 Queens Road
Hyde Park, W.

who will have my instructions
today - with regard to its probable

Arrival.

I am asking for the
picture to be sent to Ellis
as he will have to deliver
the picture at the Academy
& in order to avoid more
moving of the frame than
necessary. I should then

bring the picture here where
I have a light temporary
frame that fits it.

Believe me to be

Yours very truly

Ed. S. Beaumont
