Several Pitt-Rivers
proven fossils.

Dear Sir,
I am very sorry
to hear you have been
so unwell & trust that
the Spring will bring you
restoration.

I am personally
sorry for your decision
re the Society of Antiquaries
but quite understand

Your feelings in the matter.

There certainly is a
great black-hating spirit
about now, which owes
its existence to personal
spite. It is a great pity
that there should be
such a feeling amongst
the fellows of the Society.

With kind regards

Believe me

Dear Sir

Yours faithfully
Howard Crosby
