

In the event of a general
election clashing with our ar-
rangements the whole thing will
be postponed to the end of August.

If you wish any change,
please let me know before the
2nd June.

I see that your third volume,
comprising Wans Dyke, is issued.
May I venture to ask for a copy
for our Museum & Library?

I hardly like to ask for a copy
for myself, but as you were
kind enough to give me the first
two volumes - if you can spare me
the third, I should greatly value
it.

Hoping you have quite re-
covered I am very faithfully yours
Henry E. Medlicott.
