Dear General Pitt Rivers.

I am endeavouring to  
establish at the end of each number  
of our magazine - a short record  
of all archaeological finds in the  
County - more especially of such things  
as are scarcely important enough for  
a regular detailed notice - and  
which otherwise might therefore otherwise  
be never recorded at all -

It would help a our object if you  
would let me have just a short  
notice of any finds you have made  
yourself - or know of - in Wiltshire  
during the past year -

If you are able to do this, could  
you let me have it by the  
middle of next month -

I am very glad indeed to hear  
from Mr. Reddick that you have  
provisionally promised to remain  
our President - and I trust  
that your health may be better  
next year -

I am

Yours truly,

Ed. H. Goddard.
