Dear General Pitt-Rivers,

I believe that you are
well acquainted with the Secretary
of the Kent Archaeological Society
Mr. George Payne F.R.S. who
lives at the Precincts, Rochester,
and I therefore venture to
write to you in his behalf.
He is, as you know, an

invaluable officer to the Society,
and the Council is very anxious
to retain his services; but he
is seeking a Curatorship or some
post which will give him more
remuneration than the Society
presents him.

I have heard that you have the
appointment of certain Inspector-
-ships under the "Ancient
Monument Act," and if you
could see your way to recommend

M^r. Payne for an Inspectorship
in Kent, the Council would be
exceedingly pleased - He knows
the antiquities of the County well,
and is most painstaking.

Pray do not think of
answering this, but perhaps
you will kindly consider
favourably this application
when an opportunity offers
itself.

Yours very truly,
Stanhope
