Dear Sir

Your note has made
me very unhappy.
I received that of you ^{as well as the thin. note of C. P. House}
Voluntary of General Pitt Rivers
and wrote to express
my thanks to him for it
and asked him a question
in my letter about my
Camp (Ringsbury Camp) at
Purton which has the

ditch inside and the
vallum outside.

I never heard from him
and as he did not evidently
get my letter I can only
suppose it must have
been misdirected and
gone to some constituent
as I was at the time in
the thick of an election
and sending off as many
as 50 to 100 letters a day

at the time.

Please tell the General
how this neglect has
arisen. I truly thank him.

I should like to know
if he is acquainted with
any other camp with
the ditch inverted as
regards its position - Aulbury
of course is similarly
surrounded. I am
faithfully yours

J. C. S. M. Stuy March 1848
