My dear General

I now send you
half a dozen "cores"
from Scindia & am
sorry for the delay.

Poor Alice is in

bed with a
very bad cold.

I met Dr Beddoe
the other day at
Bristol. He told me
he had been at
Rushmore & he
was very anxious
you should not

expose yourself
in your diggings.

With kind
regards to Mr
Pitt Rivers &
all at Rushmore
I am

Yours very sincerely
John Lubbock
