Dear General Pitt Rivers

I am very much obliged
for your kind letter, but
it unfortunately presupposes
my vacating my appointment
here if I was elected Disney
Professor. This however I
should not do in any
case. The Professorship is
not a resident appointment.
Its emoluments do not
reach £90 per annum,

† as only 6 lectures are
required it would be
quite practicable, were I
elected, to be both Ass^t.
Secretary here & Disney
Prof^r. at Cambridge.

Under these circumstances
would you be so kind
as to write me another
letter?

Yours very truly
W. S. John Hope
