My dear General.

I am profoundly  
sorry to hear of the very  
severe accident - that  
Willif has met with  
and can only hope that  
with time his bones will  
set properly & that  
he will entirely recover

as was the case with  
a friend of mine  
Davidson of the Rifles  
who fell out of a window  
at Winchester Barracks  
& who got quite right  
again - I believe he  
broke the same bones.

Please tell Alice how  
sorry Lily & I are

for her anxieties -

We are living here  
for the detestable  
shooting which I  
have taken, but  
return to Town early  
in Dec: as we cannot  
keep this house longer  
from the owners

Y<sup>r</sup> affectionate
