Clyffe Vicarage  
Wotton Bassett

Dear Gen. Pitt Rivers see 16/10/92

Your most generous present  
of the 3<sup>d</sup> Vol of your work  
arrived quite safely & calls  
for the expression of lively gratitude  
on my part. - Very many  
thanks for it. If anything  
it seems <sup>even</sup> more interesting  
than the volumes that preceded

it -

I know you are much interested  
in Pottery. I hear that Mr  
Teffin has discovered an  
ancient kiln (known of before)  
near Wotton Bassett, and  
has collected a good deal  
of broken Pottery for its vicinity.  
If you would allow me I should  
like to send you some specimens  
of this and other Pottery found at  
Wotton Bassett for your dinner  
on it.

I am  
faithfully  
yours  
Ed. St. Goddard
