Dear General Pitt-Rivers,

I have been to Anstons  
& seen what you & I am glad to  
say is better & now spends nearly  
the whole of his time in the garden.

I have offered him a cottage  
at Bournemouth, but he says if he  
leaves Anstons he would rather  
go where he should be near a

church, Doctor & Railway Station if you

would kindly allow him a little to  
pay his cottage rent instead of  
finding him a cottage. Should him  
I expected you would do this, he  
would then leave Rushmore in about  
a month or six weeks at the most,  
he has some crops in the garden to  
get up to, in the mean time should  
you decide on his sheepskin coming at  
once I have asked White to find  
him accommodation at the cottage  
& this he will be glad to do as he

has a spare bed room - White  
abony had just found him -  
John Campbell has not occupied  
the cottage lately occupied by  
Edwards as it is not furnished &  
he says it was intended by him  
it was to be furnished for him -  
John Green was with me at Rushmore  
& informed me you proposed  
going there in the 4<sup>th</sup> of August,  
I really do not see how the other  
can be occupied as soon as that
