

(829)

Sturminster Newton,

Blandford 3<sup>rd</sup> March 1884

Dear General Pitt-Rivers,

I am in communication with  
Robinson (limited), as to the wire  
fencing & hope to have it <sup>put</sup> down in  
a few days - I have also written to  
Mr. Atterfall to tell him of the  
intention of carrying out the alterations  
at once -

I have to-day told Mr.  
Green that he must get a man

Who thoroughly understands Billed  
Tables to put it together, as this is  
a trade of itself, I find from him  
the men have gone to Rushmore to-  
day to begin the work, I enclose  
a copy of his estimate for the same  
which please keep for your use, the  
cost is about what we anticipated.

Yours

Yours very obedt. Servt
