Bryanston Blandford  
Jan 30<sup>th</sup> 1882.

Dear Sir

Will you kindly give me the acreage of the piece of Land you have pegged out on Sheford Hill. When I mentioned the matter to Mr. Treuchard he said if it was only a small piece that was wanted to secure the safety of the encampment I could ask you to give an offer for it and if it was liberal he would be pleased to entertain it, but if the

quantity required was so great  
as to interfere with the  
necessary amount of pasturage  
required for the Farm he  
would not be disposed to  
part with it.

Believe me to  
Jas Forrester
