THE LONDON & PROVINCIAL

HORSE & CARRIAGE INSURANCE COMPANY, LIMITED,

AND

THE HORSE INSURANCE COMPANY, LIMITED,

17, QUEEN VICTORIA STREET, LONDON, E.C.

In submitting to the Shareholders the Statements of Accounts for the year ending December 31st, 1888, the Directors may congratulate them on being able to report that the expected further improvement in the businesses of the two Companies, which they foreshadowed at their Annual General Meeting last year, has been fully justified. The net Premium Incomes of the two Companies having been increased during the past twelve months by £2,789.18s 10d, the most satisfactory feature of which advance being that it is considerably due to the augmentation of the Renewal Premiums, thereby demonstrating that the business is being conducted as satisfactorily to the Assured as to the Shareholders.

During the past year the Investment Fund has been increased by £1,344.12s 6d, and now stands at £7,022.0s 1d, as against £5,677.7s 7d twelve months ago, whilst the Cash in hand and at Bank on December 31st, 1888, amounted to £1,171.0s 4d, whereas on December 31st, 1887, it was £684.2s 10d.

After adding £150 to the Reserve Account for Unexpired Risks, which now stands at £407, the net Profit on the year's working of the London & Provincial Horse & Carriage Insurance Company is £653 16s 10d, and the Directors have further written off £162 14s 1d (the balance of undivided Profits from the previous year) from the Preliminary Expenses Account.

In the Horse Insurance Company the *net* Profit on the year's working was £563 17s 1d. The purchase of Business Account has been written down £603 13s further, and the Reserve Account for Unexpired Risks has been raised to £1,500.

Satisfactory as have been the results of the past year, the business transactions of January and February warrant your Directors in anticipating a larger Premium Income during the current year, and, in view of the care taken in the selection of risks and, in some instances, their distribution by re-insurance, they trust that the Profits of the two Companies will be proportionately greater.

The balances to the Credit of Profit and Loss Account on December 31st, 1888, after paying the interim Dividend in July last, stood at £546 2s 10d in the London & Provincial Horse & Carriage Insurance Company, and at £504 0s 1d in the Horse Insurance Company, and the Directors recommend that a dividend at the rate of £3 per cent. per annum be declared on the paid-up Capital of the London & Provincial Horse & Carriage Insurance Company, and at the rate of £5 per cent. per annum on the paid-up Capital of the Horse Insurance Company, both free of Income-tax. Of this dividend a payment of $1\frac{1}{2}$ per cent. on the former, and $2\frac{1}{2}$ per cent. on the latter Company was made in July last.

The retiring Director is Lieut-Colonel George A. Elliot, who offers himself for re-election.

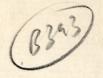

Messrs. Samuel Slater & Son also offer themselves for re-election as Auditors for the current year.
