My dear Sir

Your letter of Feb. 16  
has come only this morning  
- just in time to enable me  
to comply with your desire  
that I should not read to  
the Field Club Meeting your  
letter of Jan. 7. I am sorry  
for this, as this letter so  
clearly lays down the reasons  
why you cannot hope to  
succeed at or near Dor-  
chester. However I shall  
now content myself with  
shortly giving the gist of

what you say.

Trusting that this  
cold season is not hurting  
your health,

I am  
yours truly  
R. J. Moulton.
