Dear General Pitt Rivers.

You bought I think at the sale  
of Mr Duke's things, the other day  
the stone mould for casting bronze  
Celts. - I wonder whether  
you would give us a cast of it  
for our museum at Devizes?.

The prices at the sale were altogether  
<sup>too high for</sup> our Society and would as I should  
have liked many of the things for

the museum - I credit two  
up to the amount necessary to  
secure them - I only secured  
one lot - the bronze amulets.

I -
