WHATCOMBE,  
BLANDFORD.  
—AND TELEGRAPH—

August 5. 1895

My dear General Pitt Rivers  
I returned home  
from Westmaben last  
evening and hope when  
I have cleared off a  
lot of work which will  
take me more than a  
fortnight to do I shall  
be able to visit you  
for a night and enjoy  
a good fraternal  
I had a good time of it  
among the Skidvans.

full in with a splendid  
collection of fossils  
and had a good lot  
of the Boulder Clay  
the remains of the  
glacial age.

If you have not yet  
found a suitable sum for  
Mr. Barton at Chertsey  
I think I can recommend  
you a good man.

I remain  
your most truly  
J. C. Mansel-Pleydell
