Nov. 3. 1896 -

Dear Sir,

I must apologize for
troubling you by a request for
reprints of your papers con-
cerning woodcuts & their
places in Dorset. I find these
are large volumes - I
should still be greatly obliged
by any short-papers wh: you
might have on the subject,
but the others (the vols) I may
see in this town -

I am
yours faithfully
