

We all know you have paid much
attention to that subject & have
original views on the same, I
should take it as a great favour
if you would contribute a short
article, say about 8 or 9 pages to
our February number your own
views & suggestions on the same -
Much improvement is wanted
in these institutes - May I
expect of request to be granted?

Always the favour of
your resp.

Yrs very truly

Dear Gen Pitt Rivers,

It is many years
since I last had the pleasure
of either speaking or corresponding
with you on the subject of
Anthropology - I have accepted
the Editorship of the "Zoologist"
an old Monthly of 55 years standing
& have effected some change in
my first part just appearing. I
have included Man in Zoology
as he should be, and Brabrook
has contributed an article -
Meanwhile I want to draw
attention to the proper vocation
of local Museums, and as
