SMITHSONIAN INSTITUTION
BUREAU OF AMERICAN ETHNOLOGY,

WASHINGTON, July 10, 1897.

Dear Sir:

We are very desirous of having in the library of this Bureau as complete a series of your published works as you might find it practicable to send to us. The publications of the Bureau of American Ethnology have been sent to you for a number of years, but it is found that none of your own valued works have ever been received.

Yours with respect,

F. W. Hodge
Librarian.
