Dear General Pitt-Rivers,

I thank you very  
much for <sup>the copy of</sup> your "address to the  
archaeological institute," which you  
have been kind enough to send me.

I value it very much as being a real  
help to me in a branch of archaeological  
work, in which I take the greatest interest  
and also as showing your kind encourage-  
ment of a beginner in a science, which

you have brought to perfection.

Remain,

Yours very truly,

E. Highton

P.S. I hope to ride up to-morrow, to see the  
Excavation at Laverne Münster.
