

Hudd

CLINTON HOUSE,  
PEMBROKE ROAD CLIFTON.

L1921

Dear Sir,  
Oct. 14<sup>th</sup> 1897.  
I am much obliged by your kind presents  
of a copy of your Address to the R. G. Inst. of  
Dorchester, which I have received on my  
return home from London.

After writing to you the other day about  
the proposed Dausdyke digging I received  
a letter from Mr. Boyd Dawkins on the subject,

but it is too late to commence this year, especially, as I have taken a rather severe cold, and should not be able to attend the work in this weather. Next year I hope to start an "Excavation Fund" in connection with an "Clifton Antq. Club" and to commence operations with the Dyke. Possibly, if it succeeds, we may then undertake the explanation of the little known Roman station at Caerwent.

I am, Dear Sir, Yrs faithfully,  
Revd. C. Studd.
