Gen. Pitt Rivers DCL

Dear Sir I am extremely obliged not merely by your kindness in sending the two splendid volumes which will afford me many hours of delightful rest & change of thought but still more so for your having added your autograph - and I am glad also to see the excellent photo in Vol III -

I will not weary you with a long letter but I hope that you will believe that (though never heard of in antiquarian circles) few appreciate more highly your life long work than does

Yours very truly
G Symonds
