WALTER J. FLETCHER,
(F.R.I.B.A.)
ASSOC. M. INST. C.E.
MEM. SAN. INST.
COUNTY SURVEYOR OF
DORSET.

Dear Sir:

I venture to write to ask you if you think me enough of an Antiquarian to be worthy to become the possessor of a set of your most interesting & instructive books. On the excavations & other works carried out by you of late years in this part of England - I need hardly say how much I should value & appreciate them: how valuable they would be for my own reference as well as others in this neighbourhood who are interested in Antiquarian research -

You have already been good enough to give me your work on King John's House & should you be able to spare me the rest of the set I should be indeed most truly grateful.

Remain
yours faithfully
Walter Fletcher
