Dear General.

I went down to
Fallowfields yesterday and
chose a very nice Camera
for Patience. which you
said you would give
her. the price including

all accessories comes to
\$10. you must let me
know if this is too
expensive as I could
order her a cheaper one
if you like. The one I
have looked at is a very
good one, and would last
her her life-time.

Lionel got your letter this
morning, you do not
appear to look very
favourably on his appointment
I only hope for both our
sakes he will get it.
I hope you are feeling
better. The weather here
is very bad nothing but
