My dear General

You asked me  
a short time ago what  
I knew about the  
Equador Railway.

The Committee of  
Equador Bondholders

have been making  
enquiries & believe  
that it is under  
strong American  
auspices.

The Board are  
very respectable.

I hope you will  
Ottawa an note

suffering from this  
severe weather.

Yours sincerely  
John Lubbock
