Answer

Dear Sir,

A selection of the Humby (Danes Camp) collection will be shortly exhibited at the Society of Antiquaries by the Rev R. S. Baker (Hon Sec). in the meanwhile I am making a few notes for him I should if possible like to see the articles you discovered at Mount Cabourn Camp W Teves in 1877 & 1878 as they appear, from your address delivered at the Annual Meeting of R. A. Institute held at Teves to correspond very much

with the objects articles found at Danes Camp & the majority of them belong I think to the Late Celtic Period. I have an opportunity of visiting Teves on Friday next & should be greatly obliged if you would inform me if they are to be seen there. Trusting that you pardon the liberty I have taken in writing to you

I am

Yours obediently

Thomas J. George

Curator of Northampton Museum
