Dear General Pitt Rivers,

Will you be able  
to preside at our meeting  
next Tuesday? If you  
can conveniently exhibit  
any recent acquisition  
I shall be very grateful  
for I fear that our  
programme is but  
scantily filled, and that  
the evening will be tame

unless we make  
an effort to enliven it  
by an exhibition.

I shall be very  
glad to have the stone  
implement of Capt. Burton's  
which is to be engraved  
for our journal, and I  
am also anxious to receive  
your plate of boomerang.

Most faithfully yrs

F. W. Rudler.
