Dear Sir

I shall be much obliged if you will kindly inform me whether your recently excavated Roman remains in the neighbourhood of Rushmore will be open to inspection of archaeologists next year. I was most unfortunately unable to accompany the R. Arch. Institute when they visited the remains as I had to leave Salisbury on the previous Saturday to attend the meeting of our county Society. From what I hear from friends who were present on the occasion this was one of the most interesting of the excursions made by the Society during the week.

Should the remains be open to inspection next season perhaps I may be allowed to bring down the members

of the Clifton Antiquarian Club,
or such of them as take an interest
in Roman remains, ~~under~~ in
which case I hope our president,
Mr. Clifford, or our Vt. Gen. Secy,
would be able to accompany us.

With apologies for troubling
you,

I remain,

D. Sir.

Yours faithfully
