Dear General Pitt Rivers

I am glad we
may expect to see you
here soon.

There seems to me no
doubt that an Illustrated
Catalogue showing development

Series would have great
effect in the world. The
Bethnal Green Catalogue
though on so limited a
scale was very useful as
showing something of the
general scheme, & I wish
it were not out of print
when you settle the day

of your visit will you
let me know beforehand.
Believe me

Yours sincerely
W B Tylor
