

(L928)

Blandford

Sept. 12<sup>th</sup> 1892

I hereby certify that  
I have this day, at the  
request of General Pitt-Rivers,  
made a post-mortem  
examination of a deer,  
and am of opinion, that  
the cause of death was  
hepatization of the liver,  
and congestion of portions  
of the small intestines.
