

Sturminster Newton,

Blandford, 2nd April 1884

Dear General Pitt-Rivers,

The Anstons credit passed
off fairly well & I hope on Monday
next to forward £700 to your
account.

Mr. Linn wanted if he remained
at the Farm another year after
this to have it at £40 a year
less, it was decided I was to
offer him £25 first & see if he
would take it, if not? you thought

I had better close with him but I
have left the matter to be finally
disposed of until seeing you by
Linn's consent -

The person about the second
Stone ^{at Boston} you see if this week most
likely & I hope he will take it,
& if not? that some one else will,
it is early in the season yet
for sea-side residences -

The owners of the living at
Hurdley have now decided to build
on their land & where they have a

very good site -

There are 2 copies of the
large account book for each year
Mr. James has one copy & I have
the other, I dare say Mr. James
had forgotten that he had this
copy for you by him of the years
1880 & 81 -

I am writing you separately
as to the sale of my property & it
will go by the next post.

I remain
Yours very obedt Servant
Appreciate
