

my return to his Tenantry in the way Lord
Abington has done for there had been no
increase of rents (except in the case of a
change of tenancy) for some considerable
time, we have permanently reduced several
Orable Farms about 15 per cent. & on re-letting
a Farm of this description to a fresh Tenant
have had in 3 or 4 instances to make a
larger reduction. I do not think the
green Farms require any reduction.

Dear Sir, Further letter from Mr. Chaible

I thank you for your letter respecting
the remission on the legal rents. You are
not alone in having had to reduce the rents
when re-letting Orable Farms.

So far as I know at present Lord Abington
intends to allow a remission on the $\frac{1}{2}$ years
rents done of either 10 or $7\frac{1}{2}$ per cent. Yrs to A. G. Chaible

Copy Letter from Mr. Meikle.

Dear Sir,

I should be much obliged if you would inform me if Genl. Pitt-Rivers allows any remission of rent to his Agricultural Tenants. Lord Abington has given a temporary remission of 10 per cent indiscriminately for the last 4 or 5 years & would like to know what his neighbours Landlords are doing.

Please excuse me troubling you but at your convenience I should be glad to hear from you on this matter.

Yrs &c A. A. Meikle
