

Sturminster Newton.

Blandford 20th April 1885

Dear General Pitt-Rivers;

I have been preparing
Schems to deliver the fence &
I have this morning heard that
they have forwarded to Fishmong
Station by Strgo, 25 coils of
wire & 5 Pillars -

It is rather uncertain about
my going to Instmore to-morrow
as Major Batten seems much

inclined to purchase the Farm at
home & has asked me to meet
him there either to-morrow or
Tuesday to which I have told
him I will do, Mr. Whitham of
London has also asked me
to meet him the middle of
the week in reference to the
House at Bridport to which
I hope to do & report to you
fully thereon at Inshmore on

Friday next, of course if you
wish to see for a couple of
hours prior to Friday next I will
try & come over in addition
to seeing you on Friday -

I remain

Yours very obed^t servant

Alfred
