Dear General Pitt Rivers,

I have seen Mr Green &
he will prepare the estimate for
the water supply & the portable
engine will I quite think taking
all things into consideration be
the cheapest in the long run
for raising the water -

I am in communication with a
Mr. Poyser of Oxford St. Southampton

respecting the Villa at Boston at
present & from a letter just
received I quite think she will
take it at least I hope so, I now
purpose to meet her.

If there would be a
considerable difficulty in attempting
to do anything as to the Leases
on the Common for it would be
respecting the whole of the Farmers
sheep rights of Standley as well
as Woodcote as the Commons are all

in the Parish of Standley and
both treated as one, of course it
is a great help to them with their
sheep flocks & it will not do to
think of taking away the feeding
rights they have, so as to lessen
the size of their flocks for this is
now their ^{the} only source of profit almost
to our humble Farmer - I have not been
able to obtain a correct list of the small
holders who stock for a custom
but I have to-day obtained information
which will I think enable me to get
